Road Routes

As we have pointed out in this brochure Croke Park is well served by public transport. If, however, you decide to drive to Dublin we would strongly recommend that you plan to park as far away from Croke Park as is possible. By using this leaflet you should be able to easily link up with one of the many forms of public transport that are available.

Take the stress out of travelling to Croke Park

Croke Park is well served by public transport. Bus, Rail, DART and LUAS can all bring you to less than a 15 minute walk from the ground. Why not use public transport and have a completely relaxing day? It really makes sense. For one thing you won't have to worry about your car.

Croke Park is situated in a residential area that has limited parking. Local residents have every right to expect to have priority on that parking.

And remember the authorities will be continuing their policy of clamping in the area on event/match days. Why risk spoiling a great day out?
